

TAOI® Pure Pulse Intimate Stimulant Spray

TAOI® Pure Pulse Intimate Stimulant Spray and TAOI® Pure Passion Intimate Stimulant Gel are natural products designed to heighten and prolong sex.

TAOI® Pure Passion Intimate Stimulant Gel makes penetration more pleasant compared with vaselines, which are thicker.

Also, at the same time, both products (TAOI® Pure Pulse Intimate Stimulant Spray and TAOI® Pure Passion Intimate Stimulant Gel) give a refreshing sensation. They also stimulate, make us feel good and excite.

Coital movements are "smoother" because the vagina is better lubricated.

This helps sexual relations and adds to relaxation and our enjoyment of the experience. It helps eliminate any pain or discomfort because of vaginal dryness or lack of lubrication.

We should not forget sex is a matter of many factors, including physiology, emotions, experiences, education and beliefs. Any problem with any one of them can affect sex.

To conclude, TAOI® Pure Pulse Intimate Stimulant Spray and Pure Passion Intimate Stimulant Gel are a complement to treatments for sexual dysfunctions and/or two easy and different ways to do what is natural - having sex.

It's important not to forget that we should also enjoy sex, with a partner or alone. So why not try TAOI® Pure Vibes Orchid and Pure Passion Intimate Stimulant Gel together!
